A toi de finir de remplir la pyramide !

90 Complète la pyramide

The pyramid consists of three levels of rectangular blocks. The top level has one block with a blank space. The middle level has two blocks, the left one containing the number 15 and the right one containing the number 8. The bottom level has three blocks, the left one containing the number 9, the middle one with a blank space, and the right one containing the number 2.
